Overall teaching is very excellent.

All about nice

Give every time real time example as related with particular topic and use simple language for teaching

All of the teachers should take in mind that knowledge should be given as per specialization like if someone choose finance as specialization then teachers must have to tell students about career opportunities in finance and if someone only interested in like trading and investment them nurturing them with stuff related trading only , and give access to technical lab for trading and all.

Should conduct 1 hour session for newspaper reading atleast twice in week.
