## 1 Day hands-on workshop on Agile

1 Day work shop on Agile was organized at VIIT, Baramati on 13<sup>th</sup> June 2023 by Dr. Mayank Kothawade. This work shop was conducted by Mr. Shrinivas, Agile coach and Scrum Master of BA Continuum India Pvt. Ltd. For MCA students. He has given the overview of Agile along with agile values as follows.

The four Agile values give you an inside look at what the methodology is founded upon:

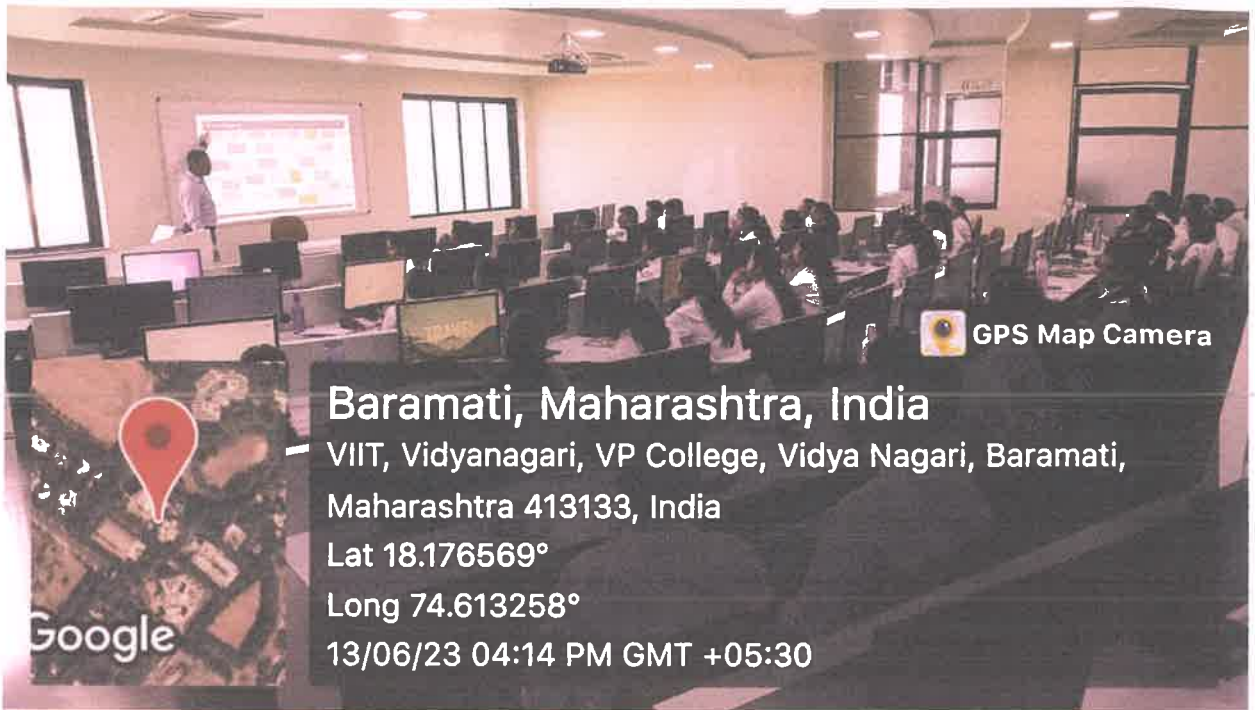

- Individuals and interactions over processes and tools
- Working software over comprehensive documentation
- Customer collaboration over contract negotiation
- Responding to change by following a plan

During this session he has covered various agile techniques like planning poker, T shirt size etc. He also highlighted upon the various concepts like EPIC, User Stories, and Acceptance Criteria etc. Key benefits of Agile are underlined by him are as follows;

- Team motivation is good because programmers want to meet the deadline for every sprint.
- Transparency allows the project to be followed by all the members in a team or even throughout the organization.
- A simple “definition of done” is used for validating requirements.
- Focus on quality is a constant with the scrum method, resulting in fewer mistakes.
- The dynamics of this method allow developers to reorganize priorities, ensuring that sprints that have not yet been completed get more attention.
- Good sprint planning is prioritized, so that the whole scrum team understands the “why, what and how” of allocated tasks.

## **Corporate Mentorship Program for MCA and MBA students conducted by VIOSA Learning Mumbai during 19<sup>th</sup> June to 29<sup>th</sup> June 2023**

Vidya Pratishthan's Institute of Information Technology, Baramati organized a 50-hour training program for its MCA and MBA students. This training program was provided by VIOSA Learning from Mumbai. This training program was organized from 19 June to 29 June 2023. Total 108 students (54 from MCA and 54 from MBA) have registered and attended the program. During this training program Mr. Ashish Sardesai, CEO and Co-Founder, Mr. Saqib Kazi, COO and Learning Head and Mr. Abhay Joshi, National Head and Vice President, VIOSA Learning addressed the students on various topics related to careers in the corporate sector.

At the beginning of the training program, students took the Professional Career Assessment. This assessment helps the students to be aware of their personality and accordingly the preferred industries and sectors for their professional career.

Corporate trainers from VIOSA Learning impart training to MBA and MCA students in the areas of time management, communication, critical thinking, emotional intelligence, problem solving, team building, effective leadership, decision making.

Corporate trainers focused on improving students' team building and problem solving skills through activities and games. On the last day of the training program all the students presented what they had learned. All the students actively participated in the training program. Certificates were distributed to all the students at the end of the training program.

### ***5. BENEFITS OF LEAN SIX SIGMA TRAINING FOR MBA & MCA STUDENTS:***

**A major outcome of Lean Six Sigma training and implementation** is that it positively changes the mindset of professionals, helps them to achieve “Right first time” whereby “defect-prevention” and “waste-elimination” becomes a way of life for them. Analyzing customer needs, collecting meaningful data, going to root causes of defects, understanding causes of variation, early detection through process-control and **implementing profit-improvement projects (using DMAIC methodology)** help organizations to “offer better products /services, with shorter delivery times at lower costs”.

The lean six sigma green belt certification greatly improves employability, for MBAs and MCAs as **many recruiters prefer to hire certified green belts in campus placements.**

Benefits for MBA students	Benefits for MCA students
Lean Six Sigma helps management professionals to create a culture of continuous improvement, where everyone in the organization is focused on <b>delivering value to the customer</b> while reducing waste and inefficiencies.	Lean Six Sigma provides IT professionals with a <b>structured approach to problem-solving</b> that can result in improved process efficiency, customer satisfaction, decision-making, collaboration, and continuous improvement.
<b>Cost Reduction:</b> By eliminating waste and reducing defects, Lean Six Sigma helps organizations reduce costs associated with poor quality, rework, and overproduction. This translates to <b>increased profitability and a competitive advantage</b> in the market.	By following Lean Six Sigma methodologies, IT professionals can identify and eliminate process inefficiencies and redundancies. This results in a <b>more streamlined and efficient IT operations.</b>
<b>Improved Decision Making:</b> Lean Six Sigma provides management professionals with data-driven insights into organizational processes. This enables them to make informed decisions based on objective evidence.	IT professionals can use this methodology to <b>understand the needs and requirements of their customers better</b> , resulting in improved customer satisfaction.
Management professionals who implement Lean Six Sigma <b>develop strong leadership skills</b> , which they can apply to other areas of their professional and personal lives.	By using data and analytics, IT professionals can identify the root cause of a problem and <b>develop solutions that are based on data-driven insights.</b>

**6. SCHEDULE FOR TRAINING COURSE AND QUALIFYING-EXAMINATION:**

Course Name	Training Days	Batch	Course Timings
Lean Six Sigma <u>GREEN BELT</u> Certification Course	3 Full Days	One Batch of 40 to 65 students	9.30 am to 5.30 pm daily
<u>On-line</u> Examination (100 MCQs), Assessment & ASCB- <u>USA Accredited</u> Certification			Examination duration 120 mins (open-book)

**7. WHAT MAKES THIS COURSE UNIQE?**

This Application Oriented Course (taught through exercises and case studies) is targeted towards result oriented practicing professionals (not statisticians). It provides a road map towards capturing market share in today's global economy via quantum reduction in variation, defects, wastages and total cost.

**Our syllabus and course methodology is reviewed once every quarter with active involvement of ASCB - USA to ensure continual improvement.**

Unlike traditionally taught Six Sigma courses, methods used in this course are very user-friendly and tailored to ensure proper understanding of the subject. Class exercises and case studies are designed specifically to enable retention and application, such that students can apply this learning in their work scenario.

Dear Joshi Sir,

Congratulations on starting the program, despite so many odds!

We are pleased to confirm the dates as 10th to 12th Feb 2021.

Preferred course timings (physical classes) would be 9.30 am to 5 pm on all the 3 days. You are requested to re-confirm your convenience.

Our trainer Mr. Shrinivas Bhagwat will reach Baramati on 9<sup>th</sup> Feb evening by car. You are requested to arrange the guest house stay for him.

He plans to check out of the guest house on 13<sup>th</sup> Feb morning. I hope that would be OK.

Students will be required to have laptop with them on day-2 of the course for online practice using Excel tools.

Online (open-book) examination can be planned in the next week on 17<sup>th</sup> or 18<sup>th</sup> Feb 21. Students will be required to use their laptop for same.

PDF copy of course material will be mailed to you shortly for printing and spiral-binding the course-books.

Best Regards,

Dear Sir,

This is to inform you that, we are organizing "Lean Six Sigma Green Belt" program for our MBA & MCA students. We have already successfully organized this program during 10<sup>th</sup> to 12<sup>th</sup> Feb., 2021 with 31 certified participants.

We have working MoU with Asian Institute of Quality Management(AIQM ), accredited by ASCB-USA to conduct this certification. We plan to organize this certification program during the month of May-2023.

In earlier certification program, we have charged lump sum of Rupees 1000 (One Thousand ) per participant for the program. A total of Rupees of 5500 (Five Thousand Five Hundred) is a course fees and Rupees 750 (Seven Hundred Fifty ) for certification.

As per MoU 50% expenses share will be born by both the parties (VIIT & AIQM). In this regard we propose to charge Rs. 1000/- (One Thousand) per participant.

The details are as under for tentative 35 participants:( students count may vary)

Sr.No	No of participant	Course Fees (Rs)	Certification Fees (Rs)	Total (Rs)	VIIT Contribution (50%) (Rs)	AIQM Contribution (50%) (Rs.)
1	35	5500	750	192500	96250	96250+26250= 122500

The details of the proposed expenses for this course are as under

Sr.No	Particulars	Amount (Rs)
1	Admin Support	15000
2	Working Lunch /Tea For three days)@120	13500
3	Stationary (Study Materials)	8000
4	Guest house Charges for Trainer	3500
	Total	40000

Total Expenses for course :Rs.192,500 – Rs. 40,000= Rs. 152500/-

VIIT contribution: Rs. 76250/-

AIQM contribution: Rs. 76250/-

Certificate fees: Rs. 26250/-

Total amount to be paid to AIQM Rs.76250+Rs.26250= Rs.102500/- (GST extra as applicable )

Tentative contribution amount collected from Students :35 X Rs.1000= Rs.35000/-

VIIT contribution: Rs. 67500 (As a Student course fees) (GST extra as applicable)

Herewith we kindly request you to permit us for the conduction of this program and to give VIIT contribution as proposed.

### **Certificate of Appreciation**

Dear Mr. Mahesh Powar,

We, Vidya Pratishthan's Institute of Information Technology (VIIT), a reputed education institute catering quality education in the field of Management and Information Technology since 2000. We are committed to the professional development of our MBA and MCA students since the inception of the Institute.

We are NAAC Accredited Institute along with many more accolades too.

We want to recognize your sincere teaching efforts in 'Process Excellence' during 'Lean Six Sigma Green Belt Certification Program' held during 10.08.2023 to 12.08.2023 at our Institute.

Your expertise in knowledge sharing related to the subject matter and keen attention towards participants have been instrumental in achieving their goals and contributing our MBA and MCA student's expectations. We believe that this training will be benefited to them in their professional journey as well.

We express our sincere appreciation for your good work and dedication. Your contributions have been invaluable to our students and staff, and we are grateful for all that you do.

Your contributions have not gone unnoticed, and we want to publicly acknowledge your efforts.

We encourage you to keep up the excellent work and we will continue to seek your support in the areas of such kind of trainings in near future.
