NA

Very good

Nothing

No

It is crucial to ensure that the teaching of each subject is entrusted to faculty members who have both the experience and expertise in that specific area. From my observation, when a teacher is assigned to a subject in which they lack sufficient knowledge or experience, it often reflects in the quality of instruction. Students may find it difficult to grasp complex concepts, leading to a less effective learning experience overall.

No any query

Provide Courses to Students which are actually implemented in industry like Payroll Course, SAP

1. Please confirm the university's new syllabus on which the university's question paper will be based.

2. Please assign the topics for the presentation so that they will not be repeated and the syllabus will be fully covered.

3. Please monitor the SIP project data because students are copying data from previous projects.

The institute should recruit experienced teachers and also emphasize on the soft skills of the students. Teachers should be available for all subject. Take charge of placement of students as many students in our batch are unemployed.

Its very good overall.

Adeshwari
Director
 Vidya Pratishthan's
 Institute of Information Technology
 Vidyanagari, Baramati Dist, Pune

Nothing

Institute provided excellent knowledge

Good

Overall good experience in academic

Include placement Related sessions and improve practical knowledge of student by giving practical assignments

All in all, what we experienced during our two years studying in this institution VIIT was indescribably good from the professors were from us students.

Every subject need seprate faculty and also they are expierenced

In between faculty members there are so politics . That is the reason of hard working people also don't work properly

In 2022-23 years mca 1 st semester no faculty members in many subjects so we have facing so many problems

Excellent

No suggestion
