Subject: About Revision / Renewal of Institute Internet Leased Line Bandwidth Capacity.

Respected Sir,

We have subscribed to TATA Teleservices Internet leased line connectivity with port speed bandwidth capacity 500 Mbps (1:1) out of which 100 Mbps, 65 Mbps, 35 Mbps is provided to VIIT, PGDERP and VPSOA respectively and dedicated 24*7 connectivity to VP central office. As per the locking period one year contract period of said leased line connectivity will be over on 26th Aug. 2023 and we have to renew the contract. During this one year contract period and previous years service experience of said internet service provoder is excellent.

However, as per the recently updated AICTE Approval process handbook attachments 2023-24 Appendix 5 Page no. 1 the institute internet facility bandwidth capacity requirement is 300 Mbps (1:1) for the approved intake Qty. 301 - 600 (Total students approval intake is UG = 540 PG = 54) and bandwidth capacity was same as per previous year.

For the final bandwidth capacity requirement calculation, we need to consider and confirm the bandwidth capacity requirements of VIIT and VPSOA and we need to place order for higher or same bandwidth capacity.

So, I request you to provide guidance in this matter for further processing.

Your Sincerely,

Mr. Sachin Wagh
System Officer

Forwarded to Hon. Principal sir for approval

Approved for purchase/renewal
of leased line as per the norms
of AICTE.
