## **Policy Statement on Feedback Mechanism**

Performance of the Institute is increasingly judged on the basis of effective learning outcomes. Feedback Mechanism is essential to know whether the college is delivering good performance and imparting quality education. Hence, the Institute made a policy decision to make feedback forms available for different stakeholders to analyse the institutional performance on different fronts.

IQAC has developed Feedback Mechanism and framework for its analysis.

The Feedback Forms are circulated to all the Stakeholders i.e. Students, Parents, Employers, Alumni and faculty. Dually filled feedback forms are to be forwarded to IQAC for Analysis. Every year the Feedback analysis is forwarded to the Director for further process and action. Feedbacks are to be collected under following broad heads:-

### **1. Feedback on Teaching:**

**Students Feedback:** Teaching is the core activity of the institute, hence to maintain teaching quality each teacher's feedback is to be taken from students twice in each semester. Respective Class teachers has to distribute the forms amongst the student, collect and submit to IQAC for Analysis. On the basis of this analysis Director can take appropriate steps to improve the quality of teaching learning process in the College.

### **2. Feedback on institutional Performance:**

Feedbacks are to be taken from all the Stakeholders i.e. Students, Parents, Employers, Alumni and faculty to analyse the overall institutional performance in different aspects like Library, Placement, Administrative office, various college activities organised by the College. It helps to make improvements in next academic year.

### Action Taken Report 2017-18

Sr. No.	Stakeholder	Feedback	Action Taken
1	Teacher	Teachers should incorporate case-based input in his/her sessions. Focus should be on "How to" instead of "what"	Teaching plans are devised accordingly and necessary tools to make understand case-based approach is resorted to.
2	Student	There should be less theory based subjects and more practical based subjects like php,java etc	Though languages like Python are there in the syllabus, VIIT, Baramati has given exposure to teach latest frameworks and languages through open subjects of the curriculum.
3	Alumni	Need to improve industrial practical knowledge giving them opportunities by actual work and 3 months internship is not enough for experience for that give authority for marking as per student work.	Industrial practical knowledge is provided through field work, desk work and earn while learn options.

### Action Taken Report 2018-19

Sr. No.	Stakeholder	Feedback	Action Taken
1	Teacher	Curriculum should be enriched enough to span current subjects and topics w.r.t. the global context.	VIIT, Baramati has introduced the courses like Google Analytics, Life Coaching, and Machine Learning: Hands-On Python & R in Data Science in tune with the feedback received.
2	Student	Add more computer language subjects which are required by IT industry	All the important programming languages covered in the syllabus but the way of teaching them is changed. For eg. Earlier Java programming was taught using notepad or JCreator but now IDEs like eclipse are used which is preferred in the industry.
3	Alumni	<ul style="list-style-type: none"><li>Provide practical training Sessions like wise Industries so the students will get help and motivated and they will know what exactly MNC wants From Fresher's</li><li>Revised the syllabus as per the changes in the industries and new modern trends of management</li></ul>	In the syllabus revision of 2019 the care has been taken that the student will learn the things practically and it helps to match the industry requirements.
