**Subject –Sanction for internet lease line renewal/upgradation.**

Respected Sir,

In view of above subject, we are in the process of renewal/upgradation of existing TATA Teleservices internet lease line. We are currently having total 120 Mbps internet bandwidth capacity from TATA Teleservices which is used as 68Mbps for VPKBIET, 32 Mbps for VIIT and 20 Mbps for VPSOA. It was purchased at Rs.10,50,000/-.

As per AICTE norms, we require minimum bandwidth capacity of 100Mbps for three institute. In view of various online activities like GATE examination, NPTEL courses, R&D activities, and skill development courses & other online examinations etc. and possibility of increase in norms of AICTE for bandwidth requirement, it is desirable to go for higher bandwidth.

We had called quotations well in time on 6<sup>th</sup> November 2019 but received these quite late in spite of several reminders. We have received quotation from different service providers and had several rounds of negotiations. A comparative statement is attached herewith.

We have ignored slight cost difference between TATA Teleservices and Jio on following grounds

1. Infrastructure of TATA Teleservices is already established at our institute.
2. Services provided during past two years by TATA Teleservices is excellent.
3. TATA Teleservices contract for existing leased line was up to 19/11/2019.

We request you to give the permission to subscribe 155 Mbps leased line (1:1 contention ratio) from TATA Teleservices at the rate of Rs 7,00,000/- +18% GST, the breakup of which for billing purpose will be as follows.
